

HYDROMASSAGE®

HydroMassage allows you to enjoy a rejuvenating massage experience every day. You will enjoy total relaxation while remaining fully clothed, dry & comfortably supported as you are massaged by powerful waves of heated water. The water conforms to every surface of your body, providing the perfect amount of pressure while avoiding pressure points which may be affected by other forms of massage. You are in complete control of your massage experience so you can target the areas where you need it the most. Lie back & experience a sense of peacefulness while you enjoy soothing sounds, view exotic and tranquil locations, or just relax & be invigorated!
